Linux Programmer's Guide version 0.4 by B. Scott Burkett, Sven Goldt, John D. Harper, Sven van der Meer and Matt Welsh.

Maximum RPM by Edward C. Bailey, February 17, 1997

Taking the Red Hat Package Manager to the Limit. This is a book about the Red Hat Package Manager or, as it is known to it's friends, RPM.

Linux Kernel version 0.8-3 by David A. Rusling

The kernel is at the heart of the operating system. This book is a guide to how the kernel fits together, how it works; a tour of the kernel.

Linux Kernel Module Programming Guide version 1.0.1 by Ori Pomerantz

This document is for people who want to write kernel modules.

GNU manuals (and a few others)

The GNU project has developed a complete free software system named ``GNU'' (GNU's Not Unix) that is upwardly compatible with Unix.
